

Welcome to the Plenary

Harald Alvestrand
IETF chair

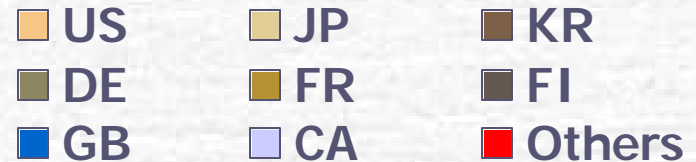

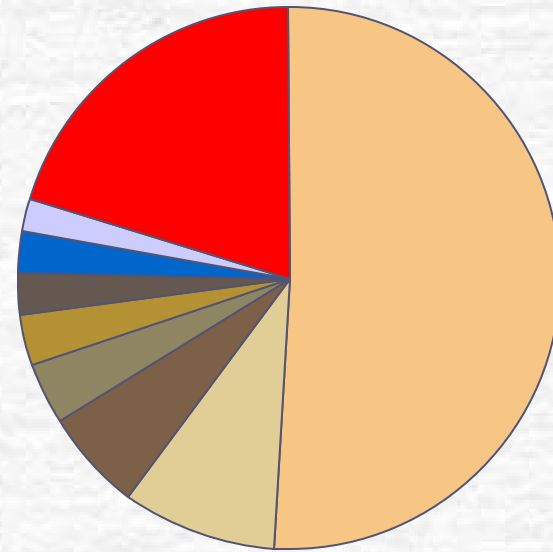

Our Agenda

- ☞ 19:30 Welcome, and Thanks for coming
- ☞ 19:40 Bruce Schneier – “Fixing Network Security by Hacking the Business Climate”
- ☞ 20:25 Thomas Narten – “How to interpret the I-D tracker”
- ☞ 20:45 Harald Alvestrand & Others – “Evolutionizing the IETF”
- ☞ 21:30 IESG Open Mike

Who We Were This Time

- 1706 attendees
 - Yokohama: 1889
 - Minneapolis: 1656
- 34 countries
- 344 companies
- Still working.

Special Thanks To

- ☞ Our Host (Nokia) and its people
- ☞ The Secretariat Staff (the usual miracles)
- ☞ The Networking Folks (a most capable crowd)

Future meetings

- ☞ Spring IETF: San Francisco
 - March 16-21, 2003
 - No local host – no terminals
- ☞ Summer IETF: Vienna, Austria
 - Vienna, Austria
 - Host: Telekom Austria
- ☞ Fall IETF: Not known yet.....
 - November 9-14 or 16-21, 2003 (tentative)

Some things that have happened recently

Intellectual Property

- We are almost finished clarifying our rules
- We still haven't changed them

Nomcom

- Rule clarification nearly finished

IESG procedures

- I-D tracker made to facilitate IESG work
- Public view made available to all

Talk to us!

- ☞ The IETF is YOUR show.
- ☞ The open mike is for YOU to tell US what to do
- ☞ Welcome to the IETF!
